**Fall Open House**

At East Carolina University, we know that the best way to learn about our university is to visit, and there’s no better time than at our Fall Open House. This year’s event will be held on **Saturday, September 28**. Open to all prospective students and their families and friends, attendees have the opportunity to take a walking tour of campus, visit residence halls, learn about student life, browse the Academic and Student Affairs Fair, and chat with ECU faculty members from most academic departments. In the morning a special session on admissions requirements, financial aid, and housing will be offered along with sessions about choosing a major. The afternoon is dedicated to academic break out sessions where you can learn about the 85 degree programs offered from faculty and current students. More information and registration is available at [admissions.ecu.edu/open-house](http://admissions.ecu.edu/open-house).

**Transfer Open House**

This special Open House will offer transfer students specific sessions on topics such as the transfer process, career services, financial aid, an overview of ECU’s degree programs, a campus tour, a resource fair and much more!

Our Fall Transfer Open House is set for **Saturday, November 9** with registration opening in mid-September. This event will be concurrent with MADE Day at ECU. MADE (Multicultural Appreciation Day Experience) at ECU gives current high school students and transfer students an opportunity to experience and learn about some of the benefits and advantages of the university.
